

PREMIUM TEAS FROM DARJEELING

DARJEELING FIRST FLUSH 2020 – HOW IS THE SITUATION?

Due to the current situation it is assumed that the Darjeeling First Flush crop 2020 will not be available for the time being. It is uncertain when and what quantities can be produced.

We are pleased to offer you **four Darjeeling teas** as alternatives. The gardens **Nagri Farm, Namring, Margaret's Hope and Thurbo** produced **very good qualities** in 2019, which still today deserve the name First Flush. Our tea tasters have tasted the teas again and are convinced to offer great options with highly aromatic cups.

DARJEELING FTGFOP1 First Flush NAGRI FARM Organic Tea*

Black tea, 2019

The 150 year old tea plantation produces excellent Darjeeling teas in organic quality. Thanks to the good location, teas from this garden have a versatile aromatic cup.

Dark, greenish Darjeeling leaf, fresh, green intensive cup

56001

Unit 1 kg / bag

New price:

kg € 48.95 n/n

Unit € 48.95 n/n

Previous price:

kg € 55.95 n/n

*Certified organic, DE-ÖKO-006

DARJEELING FTGFOP1 First Flush NAMRING PREMIUM (upper)

Black tea, 2019

The garden Namring is located at the foot of the Himalayas in the region of West Bengal. The teas of the higher altitude are more aromatic and are marked by the predicate "upper".

Long, tippy oolong-like leaf with fine notes, light, green-yellow cup

56000
