FRESH, FINE, FIRST FLUSH

The new spring teas of the first harvest start the 2020 tea season

This year, we are pleased to offer you a large variety of First Flush teas coming from the most popular tea regions. The careful and gentle processing of the first season's leaves offers an especially fresh and full bodied tasting experience.

Besides the heralds of spring from Darjeeling you may attract your customers' interest with teas from the first

harvests from Japan, Nepal, Terai and South India. Look forward to Japanese green tea as well as to frostbitten leaves from South India.

Enjoy the variety of the 2020 First Flush teas.

FIRST FLUSH

Springtime greetings from the Far East

This year again, we are inspired by the fresh aromas from the first pickings. Teas from Darjeeling, Japan, Nepal, Terai and South India whisk you away to the home of these selected specialties. The first leaves of the year are tender, intensely aromatic and show a fascinating complexity.

The teas were grown with great care by real enthusiasts and processed very gently. Each year, these teas are awaited with great anticipation and never cease to amaze with an aromatic bouquet.

DARJEELING FTGFOP1 First Flush LONGVIEW

Kurseong, District Darjeeling, India

The tea garden Longview is located in southern Darjeeling. Due to the favourable climatic conditions the harvest starts very early. For more than 145 years now, an aromatic and floral tea has been produced here.

NOVELTIES IN THE First Flush assortment

Besides the already well-known first pickings from Darjeeling other tea growing areas prove the special nature of the first harvested tea of the year as well. Discover Heralds of Spring from Japan, Nepal, Terai and the south of India - let's make your First Flush assortment more and more attractive.

NEPAL SFTGFOP1 First Flush GURANSE Organic Tea*

Dhankuta, Nepal

The Guranse Tea Estate is located in the Dhankuta Hills in eastern Nepal. A superb quality is cultivated in the garden here, at an altitude of up to 2.400 metres. Guranse is the Nepalese word for rhododendron, the national flower of Nepal - the fragrant flavour are also found in the cup.

Beautiful greenish leaf, brisk and floral infusion.

Available from approx. end of April

JAPAN SHINCHA HOMARE First Flush Organic Tea*

Kagoshima, Southern Japan

Shinsha marks the first picking from Japan. The fine-needled intensive green leaf develops a distinctly fresh aroma. Before harvesting, the leaves are at least shaded for 18 days and can therefore be assigned to the Gyokuro Shincha. The cup convinces by intensity, subtle sweetness and fantastic umami notes. Gently rolled, deep green leaf, bright light green cup.

Available from approx. beginning/mid of June

00639/52

Unit 3 x 60 g / bag

bag € 11.45 | Unit € 34.35

packed in a protective atmosphere in Japan

The tea is perfectly suitable for multiple infusions

The Kyusu has established itself in Japan for the preparation of multiple infusions. The higher the quality of the Japanese green tea, the smaller the tea pot. Our Kyusu Kisaki is perfectly suited for Shinsha.

You're welcome to take a look into the assortment of accessories in this flyer.

SÜDINDIEN FROST TEE First Flush Parkside

Nilgiri, Tamil Nadu, India

This deliciously light and floral black tea comes from the Nilgiri district Blue Mountains in South India. At altitudes of over 2,000 metres, mild frost covers the tea bushes at night. This additional humidity and the stronger withering lead to a light and intensely aromatic tea.

Reddish leaf with green tips, aromatic floral cup.

Available from approx. mid of April

00450/42

Unit 1 kg / bag

kg € 52.45 n/n | Unit € 52.45 n/n
